"Just-what-you-need" Coats for Women

SUTTON & McBEE

Every woman looks forward with great interest to the new styles in separate coats. They are one thing that a woman feels that she must have every winter, the one thing she really needs.

This year they are more attractive than ever. Made in warm, heavy, but not cumbersome materials, some rough, some smooth; in a variety of plain colors; in gorgeous plaids and checks—they are truly delightful.

The model illustrated on the right is a splendid example of the season's newest designs in separate coats. Its snug-fitting collar is almost airtight. Note the cuff effect and the smart flare which is held in at the waist in the front by a half belt. Isn't it just the coat for cold, blustery days?

Another one that is already very popular is of boucle. Its extreme simplicity of cut makes it ideal for everyday wear, but it would be almost impossible to find a coat of better lines or smarter cut.

Many others just as interesting and attractive are now on display. Your wardrobe is hardly complete without one of them. They're "just what you need." Inexpensively priced, too,

3:30 Soil—Mr. Ogg

3:30 Fruits Mr. Clayton.

We are anxious to have every farmer, trustee, teacher, and as many pupils as possible present to hear these splendid talks.

These men and this lady know their business. They have carefully studied their work. They are prepared to give you something that will help you. It will save you money and time in the way of experience to hear these people. Experience is too slow and costly this day and time. By hearing these lectures, you will be able to raise more and better corn, wheat, oats, fruits, and live stock. It's big money to you to come.

The teachers are planning to visit the "Model School" at Richmond Saturday to get new suggestions in teaching, for their respective rooms. They are doing this at their own expense. They are anxious to be of most possible service to the pupils and community.

A Baker's Dozen: OR; 13 REASONS Why you should trade at **U. G. BAKER'S**

- The largest Stock of General Merchandise in Rockcastle County—which enables you to get what you want when you want it.
- The right goods—the right prices—nice treatment and a square deal. Satisfaction or no pay—That is Baker's Way.
- 27 years experience as buyer, together with ample cash enables us to buy merchandise at the very lowest possible figure.
- Our overhead expenses are less than most people's. No extravagance allowed in running the business. So we are enabled to "Sell the same goods for less money."
- We have a clear title to our store buildings, fixtures and merchandise. We pay no interest because we borrow no money. No mortgage or notes against us. We are not compelled to sell at high prices in order to pay interest on money to run the business with.
- The smaller our expense account the less price the goods will cost you. We pay net, spot cash and give the benefit all to our customers.
- Politeness, and by the way, politeness from the heart, is what we deal out to our customers—whether rich or poor—based upon a desire to give our customers all there is in it of value and service.
- 20 years ago we came to Mt. Vernon, revolutionized business matters, put Mt. Vernon on the map as a bargain town and have kept her there to this good day.
- Thousands of pairs of Shoes now on Sale at and below manufacturer's prices. You can buy all your winter needs in Shoes for less money.
- Ladies', Misses and Children's Cloaks, Suits, Skirts & Waists for one half and less, what you are asked for same goods elsewhere.
- Men's Suits from makers of finest suits—like Hart, Schafner & Marks, Kirshbaum's, etc.—at less than maker's prices. Overcoats and Rain Coats at a fraction of their real value.
- No matter what article you may need, you can always find it at Baker's—and under priced. Our greatest desire is to do you all the good we can.
- From War Prices, Overcharging customers, Shortweights and measurements, Lying and exaggeration, O Lord, deliver us.

All Parts of the World Newspapers

By JAMES MARET.

We are in receipt of a bundle of newspapers published in various parts of the world. Chamberlain Medicine Company, of Des Moines, Iowa, are shown to be advertisers the world over. Among the papers we find The Friend, Bloemfontein, South Africa; published in English. One of the "ads" says "Ford cars—5 seated £190 at the coast. Buy a Ford because it is a better car, not because it is cheaper." The East London Daily Dispatch and Frontier Advertiser, East London, South Africa, is larger than our Courier Journal and has advertisements of everything except whiskey and beer. The Madras Mail, India, has this remarkable railroad time card "ad": "Madras Southern Railway, Ltd. Alterations in the passenger trains. The public are informed that from 1st of March, 1914, the timing of certain trains will be revised. Broad gauge, the down Calcutta mail train will leave Madras at 19 hours, arrive Waltair at 15.10. Down mixed from Rayapuram will leave at 19.15 and arrive at Coondra Fort at 20.30." This railway seems to be using the 24 hour system of "timing." This paper has one whiskey ad, bottled in Scotland. Now jump to Cuba and find La Discusion published at Havana in Spanish. It contains pictures of U. S. navy vessels at Vera Cruz. Under one of the pictures is this sentence: "Ascarazos norteamericanos en orden de batalla en aguas de Vera Cruz." Translated: North American war ships in battle order in the waters of Vera Cruz. This paper also contains the picture of Mrs. Ella Flagg, Young superintendent of schools, Chicago; also "La Catastrofe de Calumet," The catastrophe of Calumet, (explosion in coal mines at Calumet, Mich.). Other things in the paper may have proved interesting had the writer's Spanish vocabulary not been limited owing to its having been used but seldom for 35 years. Dropping to the island of Ceylon, just south of India, we find The Times of Ceylon with an advertisement of government rail way advising the public that "the 6:30 down thru train from Kandyansuri to Colombo will be two minutes earlier in arriving and leaving Vavuniya."

The Penang Sin Poe (The Chinese Daily News) of Penang, China, surely is some paper but no American would know it if it didn't have a few English printed words at its heading to tell us what the cat tracks and tea signs meant. Some of the ads are partly English. Chamberlain's Pain Balm shows up by imprint of carton. Advertisements from Japan, England, Austria and a number from United States appear in this paper which has its columns placed horizontally across the page instead of perpendicularly as white people make up their papers. You read these Chinese papers or rather the natives read by beginning on right hand side of paper and read downward to end of line at column rule, then repeat until column is finished on left side of the journal. The next curiosity and mystery to us people is the Cujrathi Weekly of Baroda, India. Its type is not so peculiar as that of the Chinese but is on the order of short-hand writing and but for some explanatory English we wouldn't know the name of the paper or where it came from. It also contains American and foreign ads. At the bottom of the last column appears this: "Printed and published by Manikai A. Doctor, at Sayaji Vijaya Press, Raspara-Baroda for himself in the evening."

of Thursday D. 19 2 1914.

The Burma Herald published at Rangoon, Burma, a province of East India, is another paper printed with peculiar type of which only three or four have any resemblance to our English type yet the pages have a pleasing appearance quite different to the Chinese papers. The heading of the Herald is printed both in English and the language of its native country whatever it is, we don't know. The Daily Gleaner published in English at Kingston, Jamaica, one of the British possessions south of Cuba. The first ad we see at top of page reads, Sugar and Rum. Next Dr. Sawyer's Cushioned Shoes. Prices are shown in pence, shillings and pounds. Victor talking machines Columbia Graphaphones, Edisons Phonographs are shown in the ad columns along with Chamberlain's and other American houses.

The Siam Observer, the first daily to be published in that country is an English publication and like all of them spell labor with a, labour. One of its biggest ads is of "sterilized milk" which after being sterilized is shipped into the tropics where it is claimed it keeps in good condition. The Milkmaid Company claims to use daily the milk given by over 115,000 cows. Sterilized milk is just as it comes from the cow except that the bacteria has been destroyed. Soera-biasch Nieuwsblad is a heading of a paper from Java, an island lying between Australia and India. This sheet is Dutch. Telefoon is the way it spells telephone. The Mandalay Herald, published in English at Mandalay, Upper Burma has but little resemblance to our American papers in its get up or style of type used. El Comercio is a Spanish printed paper from Manila, Philippine Islands. De Surinamer is a Dutch paper where it is published none but a Dutchman can tell. The last on our list is the Sind Sudha printed at Karachi, India, from type resembling short hand and in Malayalam lan uage. This paper bears two postage stamps reading "India Postage" "Three Pies." It fails to state whether they are to be custard or pumpkin pies.

This interesting collection of world newspapers can be seen by calling upon Mr. Maret.

REPUBLICANS MAKE GAINS

In Many States, Though
Democrats Will Con-
trol Senate and
the House

Chas. S. Whitman Elected
Governor of New York
Over Gov. Glynn

Beckham Elected Senator From Kentucky—Pennsylvania Makes Big Repub-
lican Gains—Governor Hooper Defeated in Tennessee—Illinois Gains Back Into the Republican Column.

Western Newspaper Union News Service
HIGH SPOTS IN TUESDAY'S ELEC-
TION.

Washington, D. C.—Democrats still control Congress, despite big Repub-
lican gains. House will be Demo-
cratic by a majority of about 25. One member gained by Democrats in Sen-
ate.

Woman suffrage was defeated in Missouri, Ohio and North and South Dakota, and is in doubt in Nebraska, Nevada and Montana.

State-wide prohibition was defeated in California and Ohio; won in Arizona, and is in doubt in Colorado, Washington and Oregon.

Feature of the national election was the great slump of the Progressive party vote, the great bulk of it returning to the Republicans.

Socialists gain three seats in Con-
gress—two from Wisconsin and one from New York.

New York—Charles S. Whitman, Rep., was elected governor of New York over Martin H. Glynn, Dem. The only question is the size of his plurality.

James W. Wadsworth, Jr., Rep., defeated James W. Gerard, Dem., for the United States Senate in the first popular election for that office, but behind Whitman's plurality figure by many thousand votes.

Returns from all sections of the state indicate that the Republican have carried both houses of the state legislature and have elected minor candidates in a great majority of the districts.

Republican campaign managers are claiming a landslide for their candi-

ates.

Illinois Republican.

Illinois in company with several other states, resumed its old position in the Republican column.

The chief contest centered on United States Senator, the result is

considerable doubt, but favoring Lawrence Y. Sherman, Rep., over Roger C. Sullivan, Dem.; W. Raymond Robins, Bull Mooser, appearing as a very poor third.

Moss Believed To Be Safe.

Terry Haute, Ind.—Returns from half the precincts of Vigo county indicate that the congressional ticket will be elected with a plurality exceeding 2,000. Returns from other counties of the Fifth Indiana district indicate the return to congress of Ralph W. Moss, of Clay county, by a close vote.

Hooper Is Defeated.

Nashville, Tenn.—The election of Thomas C. Rye, Democratic candidate for governor of Tennessee, was conceded by the managers for Governor Ben W. Hooper, Republican-Fusionist candidate for reelection.

Control of House.

Washington—Democratic control of the senate and house is assured for another two years as a result of the elections, but the Democratic majority in the house is considerably reduced.

Incomplete returns indicate that in place of the majority of 163 that President Wilson took into office with him, the administration will have a majority that may not exceed 100.

Both parties profess to be satisfied with the result. The Democrats declare that the reduction in their majority is not much more than was to have been expected in view of the fact that the sixty-third congress was elected two years ago in one of the most overwhelming landslide that any party ever scored.

La Follette Defeated.

Milwaukee, Wis.—United States Senator La Follette's entry into the Wisconsin gubernatorial election, with the Independent-Fusion-Progressive gubernatorial candidacy of John J. Blatnik, was rewarded by a complete overthrow. Blatnik running a weak third. His total vote will be about 30,000, or less than the estimated 35,000 plurality of E. L. Phillips, standard Republican, over John C. Karel, Democrat.

To-morrow is Pumpkin Day in
Mt. Vernon. The pumpkins on
display in Fish's show windows
will all be weighed and the prize
of \$2 in merchandise will be
given the man, woman or child
who has the heaviest one. The
weighing will take place at Fish's
promptly at 2:30 p.m. If you
have a large one bring it in and
try to get the prize.

TONIGHT.—At the Court House
the Commercial Club in connec-
tion with the Woman's Club and
citizens of our town will hold a
meeting for the purpose of organ-
ization and appointment of com-
mittees to lay and work out plans
for the improvement of Elmwood
cemetery which has been in a
wretched condition for some time.
The proposition, as stated in these
columns heretofore, is to clean
and clear up the grounds of all
weeds, vines, sprouts, bushes and
rubbish, to remove fencing be-
tween lots, put down walks thru
and about the cemetery, put down
a side walk from the eastern corner
to town and other improve-
ments and make a respectable
resting place for our dead instead
of allowing the place to grow up in
weeds and briars. The question
has been taken up by the
above organizations and everyone
is requested to take an interest in
this much needed improvement.

The Christian Bible Schools of
Mt. Vernon and Corbin have
entered a contest beginning Nov.
1st and ending Sunday, Dec. 27th.
Each person in attendance and
each cent of contribution counts
one point and the one having most
points at the end of contest will
be the winner. There is consider-
able interest being shown
here in the contest. Corbin was
36 points in the lead last Sunday.

The W. J. Sparks Co. made and
shipped during ten months of 1914,
8360 cars ballast and concrete
stone from this county. If these
cars were put into one train it
would require 334 locomotives,
making three miles of engines to
pull it and the length of train
would be 66 miles in length reach-
ing from Mt. Vernon to within six
miles of Jellico or from Mt. Ver-
non to four miles beyond Lebanon
and such a train running at 20
miles per hour would require
three horses and eighteen min-
utes to pass a given point.

The judging of the corn on dis-
play at the Corn Show in Fish's
window will take place promptly
at 1 p.m. next Wednesday. Mr.
R. A. Ogg of Greencastle, Ind.,
writes that he will be on the spot
and do the judging. All names
will be taken off the corn a day or
two before and each man having
an ear on display will be register-
ed and a number corresponding
with register number will be tied
on each ear. In this way the
judge will not know whose corn
he is judging. If you have an ex-
tra good ear bring it or send it in
by mail.

Every one in town interested in
improving the cemetery should be
at the court house tonight.

It's pretty expensive to have
one's own lawyer but it doesn't
cost anything to keep one's coun-
sel.

There will be a call meeting of
the Woman's Club this evening
about 6:30 at the residence of Miss
Mat Williams. It is important
all the members be present, on
time, so that the business of the
meeting may be finished before
time for the mass meeting at the
Court house, the object of which
is to have some concerted action
looking towards the beautifying
of the Cemetery, which for so
many years has been an eyesore
to the town.

Later, Joshua Boring
brought in an Irish potato, raised
from a planting of June 1st, which
weights 1½ pounds.

Johnny Coffey of the Buckeye
section, brought in a pumpkin
weighing 85 pounds Tuesday and
entered it in the contest at Fish's.

The Mt. Vernon quarry has
closed down and will likely stay
closed until spring. Sparks quar-
ry will likely run full time and
Mullins Station will run part of
the time.

Rev. Carl Michel, while chest
nut hunting on Wm. Poynters hill
just East of town, lost his fine
gold watch. A very liberal re-
ward for the return or information
leading to the recovery, will be
paid if same is delivered at Lang-
don Dormitory.

The following services will be
held next Sunday Nov. 8th:
Sabbath School—9:45 a.m.
Classes for all ages.

Morning Worship—11 a.m.
Subject—"Divine Guidance"
Night Service—7:30 p.m.
Prayer meeting, Wednesday
7:30 p.m.

Next Friday, 13th inst a stere
optican lecture on Korea will be
delivered in the church at 7:30 p.m.
by Rev. Edwin Kargin, from
Chung Ju, Korea. Mr. Kargin is a
Presbyterian Foreign Missionary,
home on furlough and is a cons-
idered and educated speaker.
These services are for all, and all
are invited without exception.
Come and let us help you and at
the same time come and help us.

The corn, vegetable and pump-
kin show in front windows of J.
Fish & Son's store "on the corner"
continues to attract much atten-
tion and interest therein is in-
creasing. Since last issue there
has been added to the display 15
more samples of white and yellow
seed corn, giant maize, peppers,
Kaffir corn, giant cucumbers, 85-
pound pumpkin, Honoulla squash
or cymbly, 48-pound long neck
squash, circled squash (grown in
to a complete circle). Tom Thumb carrots, old-time made
sorghum, black corn, 6¾ pound
sweet potato, 5¾ pound turnip,
freak Irish potato. No big Irish
potatoes have been brought in.
The exhibition is proving a decided
success and will prove of
lasting good to our farmers, who
no doubt will make greater efforts
next year to improve and increase
their output and be ready for the
big corn and vegetable show to be
given next year at Mt. Vernon.

BECKHAM AND CAMDEN WIN

Kentucky Democrats are

Beckham's Majority Close to
40,000—First Kentuckian
Elected By Direct Vote

Rollin Hurt Is Elected Judge of Ap-
pellate Court—Caleb Powers Vic-
torious in Eleventh—Senator Cam-
den's Majority Will Exceed 40,000—
Progressives Cast Light Vote Over
the State.

Western Newspaper Union News Service.
Louisville.—J. C. W. Beckham, Dem-
ocrat, is the first Kentuckian to be
sent to the United States Senate by
direct vote of the people.

He triumphed at the polls by a ma-
jority very close to 40,000, over Johnson
N. Camden, Democratic candidate for
the short term, which expires March
4, is returned to the senate by a ma-
jority in excess of 40,000 and has the
honor of leading his ticket hand
somely.

In the Eleventh district Caleb Pow-
ers was re-elected to congress on the
Republican ticket by a majority of ap-
proximately 1,200 over John Henry
Wilson, Independent candidate. Caleb
Powers claims to have been elected by
10,000 majority, and in a statement
says he has carried every county in
the district.

In the Third Appellate district Judge
Rollin Hurt has won over Judge Jas
Denton.

Democracy in the Fifth district re-
eled up record majorities for all its can-
didates.

Swagar Sherley is returned to con-
gress for his seventh term by a ma-
jority of 15,971, by far the largest he
has ever received.

Beckham carried the district by 12
72 for the full-term senator, while
Johnson N. Camden received a ma-
jority of 15,307. Louisville Democrat
were exuberant at their showing, an-
nounced no other district in the state
will approximate the victory here.

Total Vote Is 38,000.

The total vote in the district es-
timated at 38,000, while a norma
vote is in the neighborhood of 35,000.

No trouble of any kind developed at
the polls here. The election was ex-
ceedingly quiet. Little interest was
shown here in any of the politica
matters.

Voters here evinced far more inter-
est in the race among school trustee
in which the women participated. Th
candidates supported by the women
Messrs. Bloom, Gottschalk and Wee-
ber, were re-elected by handsome ma-
jorities.

The commission form of governmen
carried at Middlesboro, Hopkinsville
and Harrodsburg and was defeated at
Frankfort and Frankfort.

At Owensboro a \$60,000 bond issue
for the purpose of building a new city
hall was defeated.

At Winchester the proposal to grant
the city council permission to enter
into a contract with the Wincheste
Water Co. to furnish water from the
Kentucky river was rejected.

BECKHAM WINNER IN FAYETTE

Lexington, Ky.—J. C. Beckham car-
ried Fayette county by 195 votes over
Augustus E. Wilson.

There was a heavy stay-at-home ele-
ment. The total registered vote in the
city of Lexington was 8,021 and only
5,621, as shown by the race for the
long term as United States senator
went to the polls, leaving 2,400 no
voting in the city.

Johnson N. Camden received 41
more votes than Beckham, while in
the county Camden's lead over Beck-
ham was only 49. In the city Wilson
got 514 more votes than Bullitt, while
in the country he got only 48 more.

FINN GOES TO TEXAS.

Frankfort, Ky.—Governor McCreary
designated Lawrence Finn, chairman
of the State Railroad Commission, to
go to Texas November 9 to attend
meeting of representatives of the vari-
ous Southern States to plan a uniform
method to regulate freight rates.

Governor Colquitt, of Texas, invited
Governor McCreary to attend the
meeting, but as the Governor had
made arrangements to go to Alabama
to look over his plantation at that
time delegated Finn.

FREE NURSERY PLANNED.

Frankfort, Ky.—Plans are under
way for the establishment of a free
nursery at the Kentucky Normal and
Industrial School of this city. Albert
Todd and Warren stayed in the Dem-
ocratic column, while the remainder
of the counties went to the Republi-
cans. R. Y. Thomas was re-elected to
congress by 1,500.

The Democratic score heavily in the
Second district, carrying seven out
of the eight counties, losing the coun-
try of Christian to the Republicans by
majority of 1,500. The Democratic
majority in the district was 2,800. D. W.
Kinchenoe was elected to succeed A.
O. Stanley in congress.

In the Third district Democrats are
claiming to have won by a ma-
jority of 6,300, conceding Caldwell
county to Wilson and the Republic-
an ticket by 37 votes. Crittenden coun-
ty was the only other county in the dis-
trict to return a Republican major-
ity, the count giving the latter party a
advantage by 369 votes. Alben Bay-
ley was re-elected to congress.

The Democratic score heavily in the
Fourth district, carrying Grayson and Green-

The ticket headed by former Gov
Wilson carried two counties in the

Fifth district—Grayson and Green-

County.

Saved Girl's Life

"I want to tell you what wonderful benefit I have re-
ceived from the use of Thedford's Black-Draught," writes
Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds,
liver and stomach troubles. I firmly believe Black-Draught
saved my little girl's life. When she had the measles,
they went in on her, but one good dose of Thedford's
Black-Draught made them break out, and she has had no
more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness,
malaria, chills and fever, biliousness, and all similar
ailments, Th
